

# Pistol Scopes

## Leupold/Gilmore

|                           |          |
|---------------------------|----------|
| Red Dot Scope LG-1        | 39LG1    |
| Red Dot Scope Two Tone    |          |
| LG-35                     | 39LG35TT |
| Red Dot Scope Matte LG-35 | 39LG35M  |

The **Leupold/Gilmore** Red Dot Scopes are available in the LG-1 and LG-35 versions. The LG-1 is available in silver/black only and serves up a 45-foot field of view at 100 yards. The LG-35 is available in both an all-black matte version or the two-tone silver/black version. Both LG-35s deliver a 70-foot field of view at 100 yards. Two, four or eight minute dots are available. All three scopes are constructed of the same 6061-T6 aluminum as traditional Leupold scopes for exceptional ruggedness. They are nitrogen filled and sealed to be water and fog proof. Each includes lens covers, mounting rings for Weaver style bases, a battery, a mount extension tube and an instruction book.

## Leupold

|                              |         |
|------------------------------|---------|
| Vari-X 2.4-8x32 Duplex Gloss | 3947196 |
| Vari-X 2.4-8x32 1 min        |         |
| Dot Gloss                    | 3947197 |
| Vari-X 2.4-8x32 1 min        |         |
| Dot Silver                   | 3947199 |

The **Leupold** Vari-X 2.5-8x32mm EER is the finest long eye relief scope I have seen. It should do anything that a pistol silhouette shooter may need. It is available in gloss black or silver finish with duplex or dot reticles. We stock the models with target knobs.
